

INSTALLATION GUIDE

Payson Checkout 1.0 for PrestaShop 1.6

Conditions

The module is developed for PrestaShop 1.6.x and we recommend using the latest stable version for maximum performance.

The module supports SEK and EUR.

Download

Download the module <https://github.com/PaysonAB/PaysonCheckout1-Prestashop-1-6/raw/master/paysoncheckout1.zip> and save it to your computer.

Installation

1. Log in to the store as an administrator.
2. Click "Modules" in the menu.
3. Click "Add a new module" in the top right corner.
4. Click "Choose a file" in the box that appears and select the downloaded file paysoncheckout1.zip.
5. Click on "Upload this module".

Once the module is uploaded, it will appear in the list.

1. Click on "Install".
2. If a note appears, click on "Continue with the installation". Now the module configuration is displayed.

Configuration
